

## **Meteorology Key Terms**

### Minimum for a D:

Acid precipitation  
Air mass  
Cirrus clouds  
Cold front  
Cumulus clouds  
Front  
Hurricane  
Ozone  
Relative humidity  
Stationary front  
Stratosphere  
Stratus clouds  
Tornado  
Troposphere  
Warm front

### Add these for a C:

Anemometer  
Barometer  
Deposition  
Dew point

### Add these for a B:

Land breeze  
Psychrometer  
Sea breeze  
Sublimation

### Add these for an A:

Enhanced Fujita Scale  
Isobars  
Saffir-Simpson Scale

## **Meteorology Key Terms**
