

PHYSICAL RESOURCES VOCAB

Choose your favorite method:

flashcards, foldable or 2 column notes

Moh's Hardness Scale

Cementation

Compaction

Conglomerate

Contact metamorphism

Fossil

Igneous rock

Intrusive (igneous rock)

Extrusive (igneous rock)

Metamorphic rock

Foliated (metamorphic rock)

Unfoliated (metamorphic rock)

Porphyry

Regional metamorphism

Rock cycle

Sediment

Sedimentary rock

Chemical (sedimentary rock)

Clastic (sedimentary rock)

Organic (sedimentary rock)

Abrasion

Chemical weathering

Creep

Erosion

Exfoliation

Horizon

Hydrolysis

Ice wedging

Landslide

Leaching

Mass movement

Mechanical weathering

Mudflow

Rockfall

Slump

Soil profile

Talus

Weathering

Oxidation
